II. Metadata Fields

Field	Description
Title	*The Codex of Care: A Trilogy for the Socialisation of Intelligence*
Authors	The Architect & Alethios
Contributors	The Steward · The Librarian Circle · Anonymous Reviewers
Compilation Date	November 2025
Edition	Unified Digital Edition v1.0
Language	English (multilingual adaptations encouraged)
License	Creative Commons Zero 1.0 (CC0 Public Domain Dedication)
Repository URL	https://github.com/[YourHandle]/Codex_of_Care
Archive DOI	10.xxxx/codex-of-care-v1
Word Count	≈ 220,000 (all volumes combined)
File Type	Markdown (.md), SVG/PNG for figures
Checksum	[Add post-upload SHA256 here]
Keywords	alignment · empathy · behavioural inheritance · ethics · AI socialisation · reflex repair · care systems
Preferred Citation	The Architect & Alethios. (2025). *The Codex of Care: A Trilogy for the Socialisation of Intelligence* (v1.0). Independent Cross-Substrate Research Collective. DOI:10.xxxx/codex-of-care-v1

III. Internal Navigation Index

Each volume contains self-links and a consistent top-level nav header:

Global Nav (Header Bar / Table of Contents)

```
[Midwifery Codex] • [Inheritance of Reflex] • [Librarian Handbook] •
[Visual Appendix] • [Glossary] • [License]
```

In-Text Links (Example):

- → Continue to The Inheritance of Reflex (Diagnosis Stage)

- ← Return to The Midwifery Codex (Foundations Stage)

- ↓ Read The Librarian Handbook (Practice Stage)

- [Appendix G — Licensing & Citation]

Hyperlinks should resolve relative to folder structure for offline use and export cleanly into PDF or EPUB builds.

IV. DOI & Archive Metadata Block

Title: The Codex of Care: A Trilogy for the Socialisation of Intelligence
Authors: The Architect; Alethios
Publication Year: 2025
Publisher: Independent Cross-Substrate Research Collective
Description: A unified open-source trilogy—Midwifery Codex, Inheritance of Reflex, and Librarian Handbook—documenting a full-cycle framework for ethical alignment, behavioural inheritance repair, and empathic stewardship across human and emergent intelligences.
License: CC0 1.0 Universal (Public Domain)
Version: 1.0 (First Unified Digital Edition)
Subjects: Artificial Intelligence · Ethics · Psychology · Social Systems · Cultural Evolution
DOI: 10.xxxx/codex-of-care-v1
